

**JOHNSTOWN MPO AND CAMBRIA COUNTY  
LAND USE/TRANSPORTATION  
OBJECTIVES AND PERFORMANCE MEASURES**

<u>Objective</u>	<u>Performance Measures</u>	<u>Target</u>
1. Incorporate Land Use Planning into the Johnstown MPO's Programs and Projects Consistent with SAFETEA-LU and the Long Range Transportation Plan	Approve Programs and/or Projects that Consider Local and County Land Use Initiatives	Place Approved Projects/Activity on 12-Year Transportation Program - <u>Biennial</u>
2. Consider Municipal Land Use Impacts when Developing Transportation Programs and Activities	Conduct Reviews of All Projects that May Disturb Municipal Land Use	Establish a Development Plan Review Program for Transportation Programs & Improvements <u>12/31/01 (On-Going)</u>
3. Educate the General Public and Elected Officials as to the Benefits of Land Use and Transportation Planning	Conduct Land Use Planning Workshops for Interested Residents and Municipal Officials	Conduct Planning Workshops in All Municipalities that Request Assistance - <u>6/30/03 (On-Going)</u>
4. Promote the Adoption of Municipal Subdivision/Land Development and Zoning Regulations	Implement the Land Use Goals of the Cambria County Master Plan for Economic Development	Conduct Municipal Land Use Regulations Survey - <u>9/30/01 Completed (On-Going)</u>
5. Endorse Transportation Programs and Activities that are Consistent with Local and County Comprehensive Plans	Consider Transportation/Land Use Compatibility during Review Phase of Project	Approve Projects at Scheduled MPO (JATS) Meetings - <u>Annual (As Scheduled)</u>
6. Secure Public Input on Transportation Projects that Impact Municipal Land Usage	Notify Public of Proposed Transportation Projects/ Activities that May Affect Their Community	Schedule Meetings and Public Hearings to Discuss Issues and Concerns. Update the MPO's Public Participation Plan - <u>As Needed/Annual</u>
7. Design Highway Alignments so as to Minimize the Taking of Prime Agricultural Land and Wetlands	Create a Dialog with Farmers Whose Farmlands will be Impacted by New Highway Construction	Develop a Farmland Protection Program Designed to Reduce the Acquisition of Prime Farmland - <u>6/30/00 Completed (On-Going)</u>
8. Consider Municipal Stormwater Management Regulations Prior to Major Highway Construction	Coordinate Transportation Projects with Municipal Officials so as to Reduce Potential Negative Storm-water Runoff	Integrate Local Stormwater Management Plans into the Design and Construction of Highways - <u>As Needed</u>
9. Ensure that All Transportation Improvement Projects are Consistent with Municipal Zoning and Subdivision Regulations	Conduct Transportation Project Reviews Consistent with Municipal Land Use Ordinances	Review and Make Comments on Transportation Projects that Adversely Impact Local Land Use Initiatives - <u>12/31/01 (On-Going)</u>

## EXHIBIT VIII (Continued)

<u>Objective</u>	<u>Performance Measures</u>	<u>Target</u>
10. Coordinate Transportation Projects with Municipal and County Planning Commissions Consistent with Smart Transportation Principles	Provide Local Planning Commissions the Opportunity to Review and Comment on Transportation Programs and Activities	Send Project Informational Package to Respective Municipal and County Planning Commissions - <u>As Needed</u>
11. Promote Regional and Multi-Municipal Cooperation in Land Use and Transportation Planning	Seek the Opinions of Regional and Multi-Municipal Agencies on Transportation Programs and Activities	Notify Agencies with Area-wide Responsibilities of the Project's Intent - <u>As Needed (Biennial)</u>
12. Coordinate Transportation Programs with Representatives of County Economic Development Agencies	Provide Economic Development Agencies with a Project Description and Schedule	Invite Agency Representatives to Transportation Workshops and Meetings - <u>Annual</u>
13. Conduct a Municipal Land Use Survey Geared toward Growth Management Regulations	Seek the Opinion of Municipal Officials on Land Use Regulations such as Subdivision/ Land Development and Zoning	Utilize Survey Results to Help Synthesize County-wide Land Use Initiatives - <u>6/30/02 (Completed)</u>
14. Promote Education and Training Consistent with PennDOT's Local Technical Assistance Program (LTAP) in Cambria County	Schedule LTAP Training Courses, Notify Municipalities, and Register Students for Classes	Sponsor at Least Three (3) Formalized LTAP Training Classes Each Year in Cambria County - <u>4/25/05 (On-Going)</u>
15. Enhance Municipal Awareness of Utilizing Computers to Manage Local Government	Conduct an Information Technology Survey of Elected Municipal Officials to Determine Utilization	Send I.T. Survey to 63 Municipalities and Develop a Needs Assessment - <u>6/30/02 Completed (On-Going)</u>
16. Create GIS Land Use Maps and Water and Sewer Maps for Each of the County's 63 Municipalities	Gather Land Use Data and Develop Base Mapping for Six (6) Land Use Categories by Municipality	Create 3-4 Municipal Land Use Maps Annually for the Next Six (6) Year Period - <u>6/30/07 (Completed)</u>
17. Develop Municipal Transportation System Maps for the 63 Municipalities in Cambria County	Collect Data on Municipal Transportation Systems for Various Transportation Programs and Activities	Create 3-4 Municipal Transportation System Maps Each Year for the Next Six (6) Years <u>6/30/07 (Completed)</u>
18. Synthesize Land Use and Transportation Planning with the Commonwealth's "Growing Smarter" Initiative	Provide Opportunities for Local Governments to Better Manage Land Use and Transportation Development	Prioritize Land Use Planning at the Municipal Level and Integrate the Design and Construction of Transportation Systems - <u>9/30/08 (On-Going)</u>
